My dog has literally never been happier to see anyone in his life than when I dropped him off with Jonathan again. He truly is the best and I never have to worry about anything when I'm out of town, so I really appreciate the peace of mind. Amazing sitter, definitely would love to have him watch Thanos any time.

We left our dogs with Jonathan for 2 weeks and they had a wonderful time, when we picked them up they were happy and relaxed. Jonathan sent us frequent updates and cute photos and videos and he thoroughly followed all our instructions for feeding and medication. Because it was a longer stay we even took advantage of his new extra "a la carte" services, we chose a dog bath and a sniffari walk and the experience was wonderful, we received videos and photos of the experience and our dogs definitely appreciated the extra attention so we will definitely consider again for our next long stay. Overall great experience with a professional and caring sitter, absolutely recommend.

Jonathan is very awesome and provided excellent tips to prepare my dog for her first time stay. During the stay he shared photos and videos to see how my dog was adjusting to the new environment. Would 10/10 recommend Jonathan to anyone looking to give their pup a great place to stay if you ever need a caretaker!

This is our second time using Johnny to take care of Coconut and he is just amazing. He goes above and beyond to make sure that she is taken care of and that we feel comfortable while we travel. He calmed her down when she was anxious, and made sure to give her extra love and attention. He even played cute games with her to engage her while she was there. Coconut can be a handful with all her medical conditions and needs, but Johnny is so professional and knows so much, so he doesn't make us feel like we have burdened him with her care. He is a great sitter and

we are already planning on using him again! Thanks Johnny for all your love and care for Coco! You're the best!!

Johnny is amazing! This was our first time using Rover. Our dog does not do well being boarded at a kennel. This was so much better! Johnny sent daily updates with photos / videos and we could tell our dog was very happy with Johnny! We will definitely use Johnny again!

Jonathan is amazing! He is super quick to respond, has a wonderful clean place, and Thanos absolutely loved him to pieces. I received photos and videos of Thanos having an absolute blast (in fact, I'm not sure he wanted to come home with

me). Definitely a great experience for us, and I wouldn't hesitate to have Jonathan watch my dog in the future!

Jonathan was amazing! I needed a dog sitter ASAP and he responded so quickly. It's my first time using rover and I'm so glad it was with Jonathan. He sent me multiple updates and videos and was flexible with time since I had a family emergency. Since my dog is older he was so careful with him and made him feel safe and comfy. Very grateful to have found Jonathan on this app and would definitely recommend!! Thank you so so much!

Johnny did such an amazing job taking care of my 2 year old pup. He gave me regular updates and I was able to completely relax on my weekend vacation, knowing that my dog Pongo was well taken care of, getting lots of exercise, and most importantly loved. You can tell Johnny is not only great at caring for dogs but also genuinely loves dogs and loves what he does. I will 100% be using him again in the future and I'm so thankful to have found someone I trust.

I boarded my dog with Johnny for 3 days, and I couldn't be happier with the experience. From the beginning, Johnny was warm, communicative, and clearly experienced with dogs. He sent regular photo updates, which really gave me peace of mind while I was away. My dog looked happy, relaxed, and well cared for in every picture. It was clear he felt safe and comfortable with Johnny. I highly recommend Johnny to anyone looking for a reliable and caring person to look after their pet!

10/10 would recommend Johnny!! He's super friendly and communicative. We were skeptical we'd find someone who can watch our dog since he's a big, 100lb puppy so wanted to make sure he was in good hands. Since doing a meet and greet with Johnny, we knew he'd take great care of maverick!! Our pup is a little stubborn and has some anxiety at first when we drop him off, but Johnny worked with him to make him feel comfortable

and provided us with ample updates via text, photos and videos! We've already booked our next service with him!

Johnny was an AMAAAAZING find. I was really hesitant on leaving our pug home or boarding her somewhere. I messaged multiple people and met a few sitters- and I found Johnny who literally couldn't have been a more perfect fit. He was quick to respond, asked really good questions, and met up with us for a meet and greet to ensure he was also comfortable with our pug and that she was comfortable with him. He reassured me throughout my first rover booking process (and first time leaving her with someone who wasn't family in 10 years) that she would be fine and that he would send updates frequently. Johnny sent multiple pictures, videos and updates throughout the day. He is honest, forward and I feel fully confident that he is doing this work because he has a heart of gold and loves dogs. My dog is a senior pug and she is fully blind and diabetic, he made sure that my dog had a space that was safe so she wouldn't run into everything- and he familiarized her with the space. He gave insulin injections to her on time, took her on frequent walks, and gave her extra cuddles and love. It was a wonderful experience

and as first time boarders, I am thoroughly pleased with the services Johnny gave. Although we are highly anxious pup parents, he comforted us and gave us courage to book our next trip with the care he provided. I highly recommend and I'm sure my words don't suffice- Johnny, thank you for taking care of our baby!

I was very happy and impressed leaving Spencer, with Johnny for the first time. The kindness and patience he was with Spencer in helping him to settling down and becoming more comfortable in a new environment. Johnny took the best care of our dog Goose while we were away for almost two weeks. Goose can be shy and a little reserved at first, but after a short time I received photos and videos of he and Johnny playing. Johnny was accommodating with our feeding and supplement schedule and took Goose to the park and on multiple walks every day. I received daily updates with photos and videos and I could tell Goose was happy and very well taken care of. It was so nice to be away and not worry a bit about our fur baby. I will not hesitate to book with Johnny again next time we need a pet sitter. Thanks for everything!

Johnny did an amazing job caring for our senior pug. He was patient, loving and customized her care to her specific needs. I felt relaxed while away knowing she was being well cared for. I received regular updates that gave me confirmation I had chosen well when I chose Johnny to take care of my sweet girl. Most

importantly, my dog was very relaxed from the moment she first met Johnny and that never seemed to change. 10/10 recommend him and will be using him again in the future!

We had a pleasant experience leaving our dog with Johnny. She didn't even wanna come home when we picked her up. We can see that she liked the stay and Johnny kept us updated with daily photo and video. He's also very thorough in understanding what would be good for my dog when it comes to whether she's a hiking dog, dog park dog, etc. We are very happy and would use Johnny's service again.

We had a great experience with Johnny, during our first meetup he immediately gained the trust of our very shy dog which is not an easy feat, and took the time to address our concerns, ask questions and listen to our instructions. I have nothing but the absolute best things to say about Johnny! This was my first time leaving my doggo with a non-family member while I went away and I was definitely nervous as he is a pretty anxious dog and doesn't necessarily like everyone he meets. But he absolutely loved Johnny! I can tell that he felt safe and comfortable with him. I loved that Johnny provided me daily updates along with pictures and videos. He had so much patience with my doggo and I respect and appreciate it immensely. 1000/10 would recommend Johnny and will definitely be booking him again!! Thank you so much for loving and taking care of my furry baby!

I couldn't be happier with Johnny's care for my dog! This was my first time using Rover, and I'm so glad I chose Johnny. He was incredibly responsive, keeping me updated throughout the stay with timely messages, pictures, and videos of their walks and playtime. Johnny went above and beyond when he noticed my dog had a minor swollen eye. He caught it early and made sure she didn't scratch it, giving her extra attention until it healed. Thanks to his careful observation and care, my dog's eye recovered quickly. She had an amazing time with Johnny, and I genuinely believe it's the kind of place every dog owner dreams of for their pet while they're away. I highly recommend Johnny to anyone seeking a responsible and caring dog sitter!

Johnny is absolutely amazing! He watched my dog, Button, who has severe separation anxiety, and was so patient and understanding throughout the entire time. Johnny went above and beyond—taking Button on a hike, playing with him a lot, and ensuring he felt safe and happy. Button has had a tough time with sitters in the past, but he truly loved Johnny. I could see how happy and relaxed Button was when I picked him up, which is such a rare thing. Johnny's attentiveness and care made all the

difference. I can't recommend him enough for anyone looking for someone trustworthy and kind to care for their pets!

I feel so lucky to have found Johnny. He understands dogs and speaks their language. My terrier is willful, has high-energy and she loves staying with him. I think she misses him! Johnny is kind, thoughtful, responsible, responsive and conscientious. He asks good questions and sends the best videos and photos. Johnny is

also flexible and understanding for pet owners. My flight home was delayed by hours, and his response to my text was, no problem. It's such a relief to know my doggie is well taken care of and in good hands with Johnny. He is the best!

Johnny was a wonderful doggy sitter for our girl Pippa! We did a meet and greet beforehand and right away I could tell he was a dog lover. He asked questions and wanted to make sure he followed her normal routine to make her feel comfortable. We got photo updates every day and she looked thrilled in all of them! She has bad allergies and I could tell by the lovely condition she was in when we got her back that he gave her her meds as instructed and kept her clean. We are so happy with Johnny and will definitely be our go-to dog sitter from here on out!

Doggy Day Care • Jan 19, 2021

Johnny was seriously the best dog sitter ever. Me and my friend are travel nurses in the area and were sort of scrambling for a last minute dog sitter, and we were so lucky to find him. He actually drove out of his way to meet us at our place just to see the pups and show us how they react with him. They were drawn to him right away. We work long shifts and he was able to pick the dogs up in the morning and we picked them up after our shift. He sent at least 15 videos and pictures and you could tell the dogs were incredibly well taken care of. They went to the park multiple times and multiple walks. He kept the dogs on their food schedule and just really went above and beyond. Not to mention it was three dogs, that all sort of have their own needs in which he was able to accommodate with gratitude. Meeting Johnny is sort of like meeting a friend that you have know for years, so don't hesitate to trust him with your pet children!

I cannot thank Johnny enough!!! I'm a first time pup owner (so somewhat of a helicopter mom), and Johnny made me feel at ease about leaving my 3/4 month old puppy for two weeks. He went out of his way to come meet Bandit(pup) and I beforehand to become acquainted before their time together. With his experience and just all around good vibe, I felt very comfortable with going back East for the holidays. Johnny updated me daily, sometimes twice, with updates/check ins. I ended up having to extend the time and he was totally open, flexible and understanding. Pretty much consider him Bandit's uncle now. I will definitely be asking Johnny to watch Bandit again. 10/10 recommend having Johnny pet sit :)
